PERSONAL PROFILE

A passionate young Graduate Safety Engineer with a consistent monthly record of maintaining zero recordable incidents, achieved through strong commitment to safety compliance, risk assessment, team collaboration, and continuous improvement. Highly skilled in leading and supporting the achievement of positive Key Performance Indicators (KPI) within the team. Eager and quick to leverage and apply technical and soft skills to drive sustainable safety culture that supports operational excellence.

RELEVANT WORK EXPERIENCE

HSE Officer; Pegis Global Services Ltd. (Current)

Key Contributions/Achievements:

- Maintained a consistent record of zero LTI and FAT over a period of eleven (11) months.
- Develops and implements job specific JSA/JHA with the input of process owners, to ensure incident-free operations.
- Implements the IOGP Start Work Checks (SWC) and Permit to Work (PTW) process as additional layer of control of work (COW) system.
- Conducts/anchors daily safety and operational meetings, monthly HSE meetings, special HSE awareness trainings, and hazard hunt campaigns.
- Conducts drills and hands-on training on emergency response for staff and fire wardens.
- Prepares critical HSE documents, such as ERP, risk assessment, as well as monthly HSE reports.
- Developed digital/live trackers to monitor the progress status of OFIs and potential hazards during audits, site inspections, and hazard hunt campaigns.

OTHER WORK EXPERIENCES

Science Editor; Reddot Africa Educational Services Ltd. (Oct. 2024 – Mar. 2025)

Key Responsibilities:

- Reviewed, critiqued, and offered professional recommendations for manuscripts to meet company's requirements.
- Handled correspondence between authors and the publisher (the company).

National Youth Service Corps (NYSC); Technical Assistant; Coastville Global Resources Ltd. (Nov. 2023 – Oct. 2024)

Key Responsibilities:

- Played a supervisory role in the company's computer center.
- Provided administrative and technical support to the General Manager.

Undergraduate Internship; Rivers State Ministry of Energy and Natural Resources (Sep. 2021 – Feb. 2022)

Key Responsibilities:

- Carried out laboratory analysis/measurement of the properties of petroleum product samples.
- Participated in safety trainings, conferences, and group projects.

TERTIARY EDUCATION

Bachelor of Technology (B.Tech.) in Petroleum Engineering; Rivers State University (2017 – 2022)

Graduated as one of the top-three best in the class, with a Cumulative Grade Point Average (CGPA) of **4.01**.

KEY SKILLS AND ABILITIES	• Technical HSE skills (oil and gas industry) with keen attention to details. • Technical assistance in wellhead maintenance operations. • Good understanding and application of ISO 9001, ISO 14001, and ISO 45001. • Good understanding of GHS label elements and implementation of COSHH. • Proficient in the use of Microsoft Office Applications (Excel, Word, Powerpoint, etc.) and other digital technology tools. • Excellent technical writing skills and documentation. • Eloquent communication and presentation ability (fluent in English).
TRAININGS AND CERTIFICATIONS	• Diploma in Occupational Health, Safety, and Environment (OHSE), (Alison; Ongoing) • ISPON HSE Training and Certification – Level 3 (November 2025) • ISPON HSE Training and Certification – Level 2 (July-August 2025) • ISO 45001:2018 Awareness Training and Certification (July 2025) • ISO 9001:2015 Awareness Certification and Audit Training (July 2025) • Fire Warden Training and Certification (July 2025) • HSE Induction Training and Certification (June 2025) • COSHH Risk Assessor Training and Certification (May 2025) • Well Operations Crew Resource Management (WOCRM) Training and Certification – IWCF (May 2025) • International Well Control Forum (IWCF) Training and Certification – Level 1 (May 2025). • Certificate of Data Analysis training, SPSS (June 2024). • Certificate of Offshore/Onshore safety course, SPE (January 2024). • Certificate of ICT Competence, Rivers State University (2019).
PROFESSIONAL ASSOCIATIONS	• Member (Graduate) of the Institute of Safety Professionals of Nigeria (ISPON) – January 2026. • Graduate Member of the Nigerian Society of Engineers (GMNSE) – June 2024. • Young Professional Member of the Society of Petroleum Engineers (YPMSPE) – January 2023.
PUBLICATIONS	• Evaluation of Fire Risk Prevention Measures and Emergency Preparedness in Workplace Facilities – A Review (ISPON Technical Paper; January 2026). • Evaluation of Water Production Effect on Reservoir Performance Using Diagnostic Plots (International Research Journal of Modernization in Engineering Technology and Science; March, 2024)
WORKSHOP & CONFERENCE PARTICIPATION	• ISPON Members Monthly Meetings and Workshops (2026) • Technical and Strategic Sales Conference, Reddot Africa (March 2025). • Student Technical Symposium and Exhibition (STSE), SPE Nigeria Council (February, 2022). • 6th National Council on Hydrocarbons (November 2021).
LEADERSHIP & VOLUNTEERING EXPERIENCES	• General Secretary, NYSC Red Cross C.D.S group, Akure North (2024). • Research Assistant (Engr. Dr. Igwe Ikechi, Rivers State University; 2022). • Ex- SPE Petro Quiz Captain, Rivers State University Chapter (2021 – 2022). • Special Adviser (SA) to the ex-president of the Petroleum Engineering Student Association (PESA), **on Students' Academics** (2021).
INTERESTS	QHSEF; Professional/Personal Development; Technical Writing; Volunteering.
